

Verdegro introduces the RML-CMS. This new machine can pick / place one Rumble mat (identical version as for the RML and RML-CM) and is the cheapest machine in the line of Rumble Mat Layers. It is very easy to use and can be installed underneath a van or a truck!

#### TECHNICAL INFORMATION:

- Two built in lighted cameras automatically turn on / off during operation
- Very easy joystick controlled from cabin
- capacity for one rumble mat
- two separate arms to collect the rumble mat
- cheapest machine in the line of Rumble Mat Layers.
